

Client Request to Report Loan Payment History to a Credit Reporting Agency

Yes, I would like to have my Project Enterprise loan payment history reported to a credit reporting agency. I understand that:

1. Project Enterprise is willing to report on my repayment record, at my request, only if Project Enterprise has a reasonable means of doing so.
2. To activate reporting on a loan, I must submit this request at least 2 weeks before disbursement. Once I have started making payments on a loan, I cannot activate the loan reporting retroactively.
3. I must supply all the personal information below as it is required by the credit bureau. Failure to submit complete information will delay processing and may result in loan reporting not being activated in time for a particular loan.
